

Long ago, Dragons
descended to this land

LONE MANGA!

and began creating a world
where life would prosper.

The world seemed
to pull with life

and beings bearing
the image of
Dragons emerged.

In the short time
they lived, said
and perished,

they undressed
the Dragons and
peeled their glory.

LORE MANDA:

The Dragons, however, knew it was time.

That ultimate objective
was to recreate the world.

Intelligent beings, capable of reasoning (Ryoma), began to rise.

Ryoma had to be drawn by Ouyang as he was too slow to leave this world.

Ouyang made this decision based on their own standards.

Earth Dragon Atsuyak selected beings who gazed upon her with a certain light in their eyes.

LONE MANGA!

It encompassed something that couldn't be described in any language, being so beautifully illusive.

Despite her anxiety arising from remaining the unknown,

at least a glimmer
potential than anything
else she could find

so the Dragon
believed in her choice.

However, Manyak's
past Ryouas dictated
her reactivity.

Time passed. Left
alone in a world with no
Dragons remaining.

was Manyak, who had spawned
the seed of a Fourwing within
her body and a single egg.

In order to protect the egg
from the Fourwing, she found
a cavern to her, sealed away
her corruption in the Labyrinth.

LONE MANGA!

and kept it once more.

And then

LONE MANGA!

When Abel, the first
was a young man,

he fell into the
Labyrinth of Time.

Hanana,

at a certain point in their life,
become locked in an embrace.

Thereafter, when Dragons encounter food in their state, they can no longer proceed towards the pasture.

Then, the Dragon awakes

She was getting deeper and
deeper in pain and anxiety.

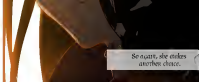

Although the Dragon knew
she had pulled her again,

「something」 that shone
from the human's eyes,

was intensely
appealing to her.

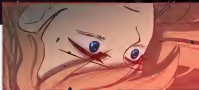

LONE PLANGA!

The 「possibility」 for the passage to change—

「Hahaha..」

My vision is shaking.

My body can't move.

My neck feels so
hot, like it's burning.

LONG XING

I wonder why
Dragons create
a weakness such
as the Kyronos.

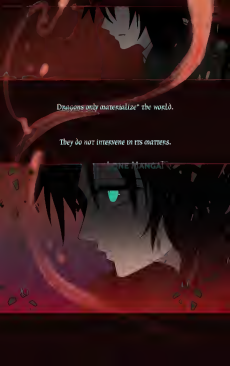

and endanger
themselves.

When one
is afflicted,

both are affected.

Dragons only materialize* the world.

They do not intervene in its matters.

ONE MANGA!

No, they couldn't even attempt to try 「that」.

They didn't even have a full grasp on what 「that」 was,
for they had never touched it before.

because they knew.

She lost control
over her body

and through the
dark, blurry vision,

she saw Kainaki's mouth
repeating something.

Well, I'll be putting
this to good use.

I am here, in this moment.

perpetually walking.
